MARCH, 2019

PRESIDENT'S CORNER

Greetings from the Hoosier state,

Spring is nearly here, and with it brings the cereal beers. I look forward to seeing what ya'll come up with on March 20th at Corvallis brewing supply. After spending 4 of the last 6 weeks on the road, I HOPEFULLY will be back in Corvallis until around mid-April! Looking forward to brewing some beer in the near future and sharing some homebrew with everyone. Cheers!

P.S. doesn't the newsletter and website look great! Thanks Daniel!

- *Dan Rickli*

SECRETARY'S CORNER

Greetings HOTV homebrewers,

Spring is almost here! Infact, our March club meeting will be taking place on the first day of spring, which is also spring equinox (12 hours of day and 12 hours of night). St. Patrick's day is also around the corner, which means it's the season for stouts, porters, and cheap domestic beer that has been tinted green. We have a lot of events planned for the coming months, so get those calendars out. As for me, finals week at OSU is around the corner and three computer science classes are taking their toll. I expect to have a strong finish and am looking forward to a relaxing week off before the start of my next term. There is also a good chance that I will be gainfully employed once again. Fingers crossed! - *Daniel Adams*

MEETING NOTES

FEBRUARY CLUB MEETING February 20th, Corvallis, OR

February's club meeting was hosted by Mike and Dawn Brant at their lovely home in the hills above Corvallis. Thank you both for hosting us once again. Matt Bahm led February's meeting where he started by reminding us of Cereal Brew competition taking place at the March HOTV meeting. He then announced the Extract and Plastic Bucket Challenge, which will be judged at June's HOTV meeting. Matt then brought up the Big Brew day, and is looking for feedback and possibly someone to take the lead on the event. He then finished the meeting by going over the calendar of meetings and events for the coming months with their locations (which can be found in this Brewsletter above). The next Brewery Education Tour is being planned right now with Hood River in our sights.
